

## Multipurpose Repositionable Glue (I257)

Spray can or magic spray? Considering its powers: you can glue, unplug and reattach products, without altering them, dirtying them or bending them. This transparent adhesive is ideal for a lot of surfaces and changing ideas.

Quantity	400 ml
Barcode	EAN 13: 8034108892368
Box / Case	12 pz

**MULTIPURPOSE REPOSITIONABLE GLUE** – Transparent glue that enables immediate and safe assembly of many materials on a variety of surfaces. If applied with a light pressure, it allows the possible detachment and repositioning. The product remains permanently elastic. It remains unchanged over time, and does not stain or penetrate porous surfaces. It is ideal for many types of installation and is suitable for acetate substrates, fabrics, printing paper, etc.

### Technical Specifications:

Aspect	Tin-Plate can containing under pressure fluid
Color	Colourless
Odour	Characteristic of solvent
Relative density	at 20°C 0,63 ÷ 0,67 g/ml
Flash point	Und .0° C extremely flammable
Pressure at 20°C	4/6 bar
Dry Residue	9% ± 0,50%
Stringiness 25°C (active)	Brookfield - mPa.s 100 – 500'
Solubilities	water insoluble, soluble in hexane/acetone
Thickness	> 30 micron

**HOW TO USE:** Shake Well before use. Clean the surface to glue. Spray the product on one of the surfaces to glue. Overlap the other one sticking on the glued part and applying pressure. The initial taking is rapid but the repositionable adhesion happens in 24 hours.

### MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 5°C and over 35°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months (warranty). The product doesn't expire.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.
